HOMES4LIFE

Certification for Ageing in Place

OUR LIVING ENVIRONMENTS

A tremendous impact on our **health** and **wellbeing**

- Challenges of Europe's ageing demographics
- A huge share of the building stock is not adapted to permit to older persons to age in place

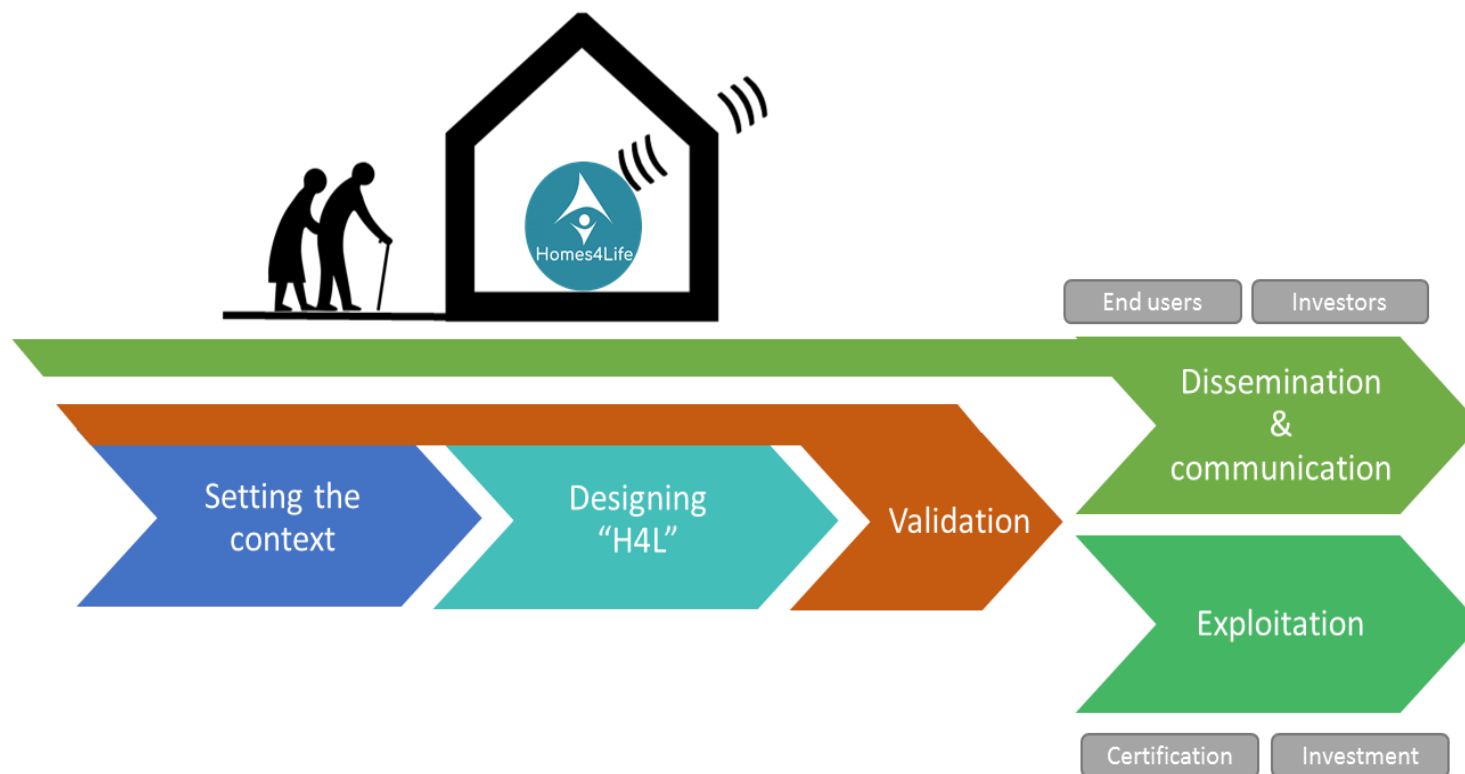

HOMES4LIFE CERTIFICATION

A new European Certification Scheme

- Based on an inspirational and realistic long-term vision of people's needs and requirements
- Integrating construction and digital solutions when beneficial
- Flexible to address the specificities of each country
- Compliant with both new and existing buildings
